

COSTA RICA

ULTIMATE ADVENTURE MEDLEY BY MOUNTAIN BIKE, RAFT, SEA KAYAK & ZIP-LINE 9-DAYS

For those of you who refuse to be tamed, consider this action-packed adventure. The goal is to traverse across the country on a series of trails, rivers, and backcountry roads. We ride knobby tire mountain bikes through fertile farmland in the lush Central Valley, hike to the base of the rumbling Arenal Volcano, and soak in the Ecotermas Hot Springs with front row seats of red hot lava dripping from the cone. In La Fortuna we traverse through the rainforest canopy, zigzagging across cables safely equipped with harnesses and pulleys. We navigate six person rafts down class 3-4 rapids on the raging Pacuare River and paddle sea kayaks through the ocean surf on the white sand beaches of the Pacific coast. For the physically fit and the hearty adventurer, this trip will offer the challenge of a lifetime!

We have another day of Pacuare adrenaline planned, plunging downstream through a dramatic landscape of rainforest, cascading waterfalls and fertile canyon walls. This section has non-stop rapids that are mightier and faster than yesterdays. We'll stop along the way to do a side hike up to some waterfalls with natural swimming pools. We "take-out" near the town of Siquirres and after a shower we drive to the town of La Fortuna - closest town to the Arenal Volcano.

Day 4

ARENAL VOLCANO

BIKING, ZIP-LINING & HOT SPRINGS

Up until now we've stayed on terra firma, but it's time to ascend to the rainforest canopy - a thrilling way to view the diversity of a Costa Rican rainforest. Secured in a harness, 30 / 100 ft off the ground, we'll traverse on cables between the trees, viewing the vegetation from the canopy. Afterwards we take to the trails on foot, hiking to a 36 m / 120 ft cascading waterfall. Wading below the powerful rush of water is absolutely thrilling. Late afternoon we jump on bikes, cycling amongst dense tropical forest and a few cattle farms. This route connects the Arenal Dam with the main entrance to Arenal Volcano National Park. Today there are opportunities to see howler monkeys, coatis and a lot of bird life including keel-billed toucans, snowy egrets and kingfishers. The Arenal Volcano is visible during most of our ride today and is a constant reminder of its active presence because of the frequent rumblings. The day concludes soaking in the Ecotermas Hot Springs, natural springs heated by the volcano. Overnight in a comfortable hotel.

We land our kayaks on the palm fringed white sand beach in time for a cool drink at the Mirador viewpoint.
